[REDACTED] – I don't need immediate assistance but thought your colleagues would be interested. It seems like I am always reminding folks in OPPT about this type of issue during rulemaking. **Ex. 5 Deliberative Process (DP)**

Good point. Can you ask the opinion of Ex. 6 Personal Privacy (PP) as to whether we should even have this meeting?

We should also have a discussion with our powers-that-be about ex parte communication during the rulemaking process between EPA and any stakeholder. There is only so much EPA can say at any meeting and EPA can't make any statements beyond what's in the proposed rule.

This has happened before with non 5(e) SNURs. The time to discuss potential SNUR terms is during the PMN review process – not the rulemaking process.

I guess you should start pulling the support documents for these cases so that we can be somewhat prepared for their arguments at this meeting.
